

CommunityCam™

Communities working together to solve crime

Community Cam™ is a voluntary, not for profit community initiative where people can register a property with CCTV, and upload CCTV footage, to help solve crime in their neighbourhood.

Do you have CCTV on your property and would like to help your community? Register your details with Community Cam™ and New Zealand Police will be in touch if they need your help to solve a crime in your area.

Register your details at communitycam.co.nz

Supported by

New Zealand
POLICE
Nga Pirihimana O Aotearoa

How does it work?

When a crime is committed, the NZ Police can refer to Community Cam™ to quickly identify CCTV locations of registered users in and around the scene of the crime. This then allows the police to contact you to help with an investigation.

Your details are confidential and secure. Only the NZ Police can see your information and, if you choose to upload your CCTV footage, the footage is password protected for your security. Community Cam™ just lets them know who owns a CCTV system to save valuable time door-knocking.

Secure

Your information is
secure and confidential

Safer Communities

By registering, you're helping make
the community and your family safer

Not For Profit

Community Cam™ was built for free
and sponsored by local businesses.

Let's work together to help solve crime.
